

Greater Manchester Fencing C.I.C.

Directors

Richard Lloyd-Jones, Mary Cohen, Margaret Lloyd-Jones and Richard Moir

Social Media Policy

The club uses Social Media to promote Greater Manchester Fencing (“GMF”) and for advertisement purposes.

All photographs used on any social media channel will contain fencers who have given consent for the media to be used in this way. GMF holds accounts on Facebook and Instagram and actively posts on both platforms. GMF does not hold any accounts for pinterest, twitter or any other social media platforms.

Fencers must give consent for each form of media (namely photographs and videos) and for them both to be used in each location (club website, club social media, in print).

Consent is gained from all fencers regardless of age and where the fencer is under the age of 18 at the time of joining the club consent is gained from both the fencer and a parent/guardian.

All media is stored for no more than 12 months at which point it is deleted from our system, however the posts on social media (on all platforms) will not be deleted. In August 2020, all media we hold from August 2019 that the club holds will be deleted etc.

Comments on our posts may refer to the first name of the fencer (in the tag for the media) however we will not tag (link) them to individual people’s accounts. This does not prevent other people tagging fencers which may link our post to a young person/fencer’s account. If for any reason you (or your child) do not wish to be tagged in posts this should be dealt with through the platform on which the post was made and in the first instance contacting the person who tagged you and asking them to remove the tag.

The Club Manager and Directors are responsible for the content posted on social media. We will monitor comments made through our social media and any comments which go against our code of conduct will be dealt with as though said in the salle.
